

For Promotions and Make an offer there should be a new section on the left hand menu:

1. Promotion Center in the Left Menu

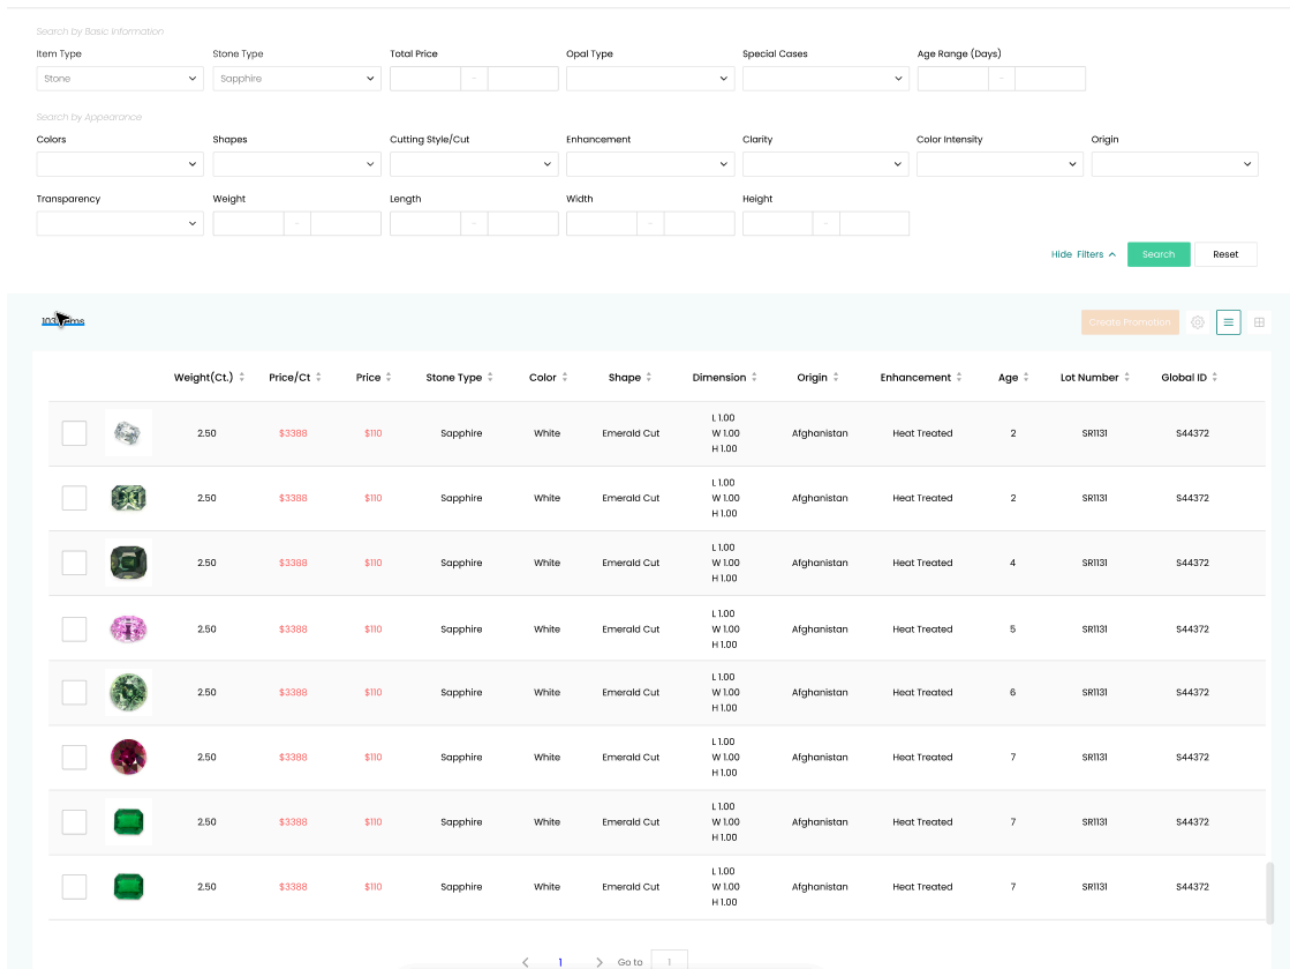

Promotions should be Objects that have a list of items that are linked to them. When you select Promotion Center a list of Active and Inactive Promotions should open. There should be 2 tabs at the top that allows you to check between "Promotions" and "Make-An-Offer":

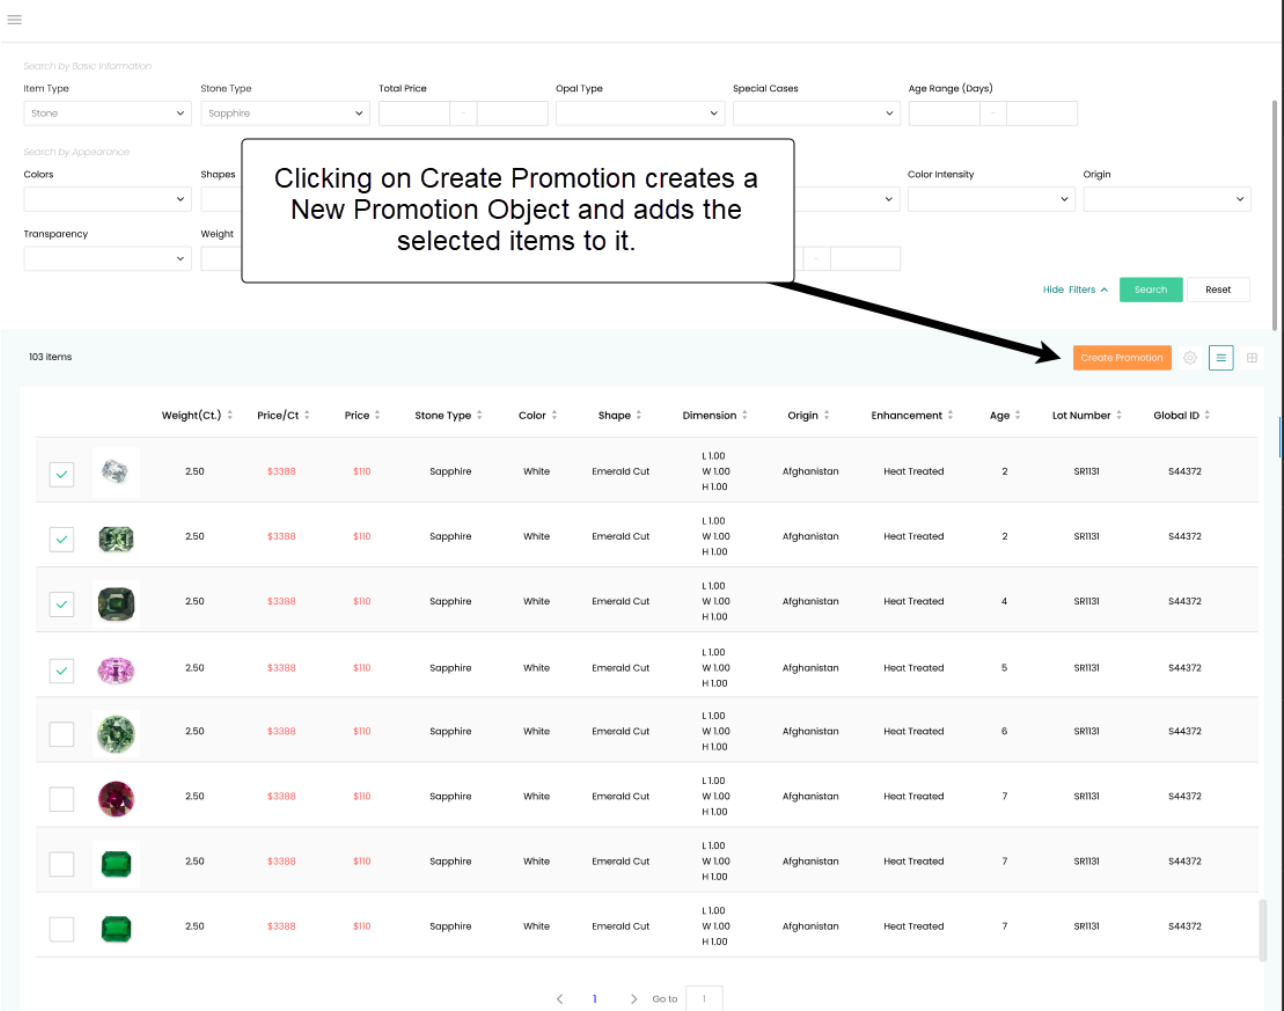

2. Promotion List and Section

When you select the Plus Icon you should be able to search through your inventory and select which items you want to Add to Newly Created Promotion item:

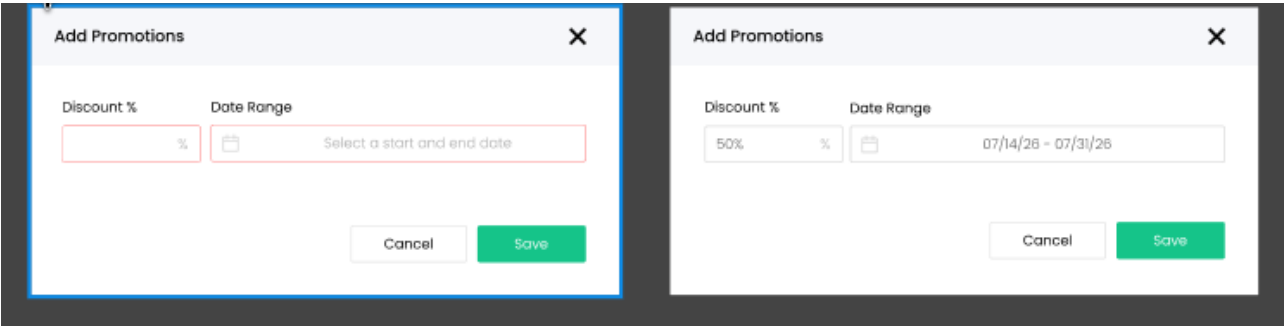

3. New Promotion

After that the pop-up for the Discount % and Date Range appears and can be entered:

4. Promotion details Setting

Once that is selected the item should show in the Promotion Center page:
